Cape Grace is an exquisite 5-star establishment set on its own private quay on Cape Town's vibrant Victoria and Alfred Waterfront. The hotel has 122 guestrooms and suites with views of the yacht marina, Table Mountain or the Waterfront harbour.

Cape Grace has been continuously awarded for its achievements as one of the best hotels in the world. FTTSA has certified Cape Grace based on the hotel's exceptional employment practices, supply chain management strategies and strong focus on staff welfare.

Employees are valued as key assets, evident in the extensive training and development programmes in place and in the hotel's policy of recognising staff excellence through service awards. In addition, staff have access to a number of health and wellbeing programmes, while at the same time are encouraged to continue their participation in a number of community upliftment projects driven by the hotel.
